

The complete solution to Leisuresuit Larry III
by Tero Pukkinen (DDT of Kruz)

Hello folks !

Here comes the (almost) complete solution to another great Sierra game, Leisuresuit Larry III. With these instructions you'll catch 3970 points out of 4000 possible. I've earlier played full 4000 points, but I don't remember what the fuck is missing now (sorry about that) ! I played this game for many weeks and had many desperate situations but finally it's solved. The most important rule to remember in Sierra games is that the solution to situation is always simple ! So simple that you wouldn't even think about it !

-The commands which you will have to type in are all written in capital letters, e.g. the first command you should type in is 'USE BINOCULARS' !

- I have used the cardinal points at the following way :

North - Up
South - Down
East - Right
West - Left

e.g. Walk to east means that you'll have to leave the screen from right side of the screen or

Take the lower western path means that you'll have to leave the screen from the left side using the lower path.

I hope you won't have problems with those !

And now the actual game instructions. Load the game and ... Have fun with this great game !

Of course you want to play at the dirtiest level so pick the age 'over 25'. To activate the cheat mode in question screen just keep pushing the buttons 'Ctrl+Alt+Z+X+Space' until there appears a box to the screen. Type in '5' and you're allowed to play at the 'Totally Raunchiest level'.

Walk to the binoculars (left one) and 'USE BINOCULARS'. After that "sight-seeing" 'READ THE PLAQUE' at the centre of the screen. 'LEAVE THE PLAQUE' and walk to east (out of the screen). Keep walking and pass the bush from the right side (just follow the sign). Now you should be talking to Kalalau ... Your girl did just leave you for another man ! Well, actually she left you for another Woman (bloody lesbian) ! Leave the screen ... Take the lower path to east ... After "Super man trick" take again the lower eastern path ... Follow the sign pointing to west ... Enter the building ... Now just follow the happenings for a while ... Out of a job, too ! Leave the screen ... To west (the upper one !) ... West (upper) ... You should now see a piece of wood lying on the ground. 'TAKE THE WOOD' ... West (upper path) 'OPEN MAILBOX' and 'LOOK IN MAILBOX'. 'TAKE THE ENVELOPE'. Hey, now you have a credit card ! ... East ... East (lower) ... East (lower) and now to south. There should be a blondie lying on the beach. Walk to her and wait until the souvenir-guy has left

... Then 'LOOK AT GIRL' and 'TALK TO HER'. 'GIVE CREDIT CARD TO HER' and have a happy fucking ! ... Bloody guy ! Always interrupting, but at least you got a nice Ginsu knife ... After your crab dance leave the screen. 'SHARPEN THE KNIFE ON THE STAIRS' and 'CARVE THE WOOD'.

Now walk to west (upper) ... There are two ways to east. The lower one where you just came from and the upper one. Take the upper one (walk towards the rock at the centre of the screen and then walk straight to right. Yes, that's the upper eastern way). 'CUT THE GRASS WITH KNIFE' at the centre of the screen and 'WEAVE A SKIRT' ... South ... Lower path to east ... Walk straight to right (behind the stairs) ... Walk to sink, 'DRINK' and 'TAKE THE SOAP'. Enter the first door of the cabana and 'WEAR GRASS SKIRT' ... West ... Back to Tawni (south). She buys your Erotic Sculpture (By the way, go and buy Audio Sculpture by SYNC ! Really great tracker !) ... Back to cabana (upper eastern way), take the first door and 'WEAR SUIT'. Leave the screen ... Enter the casino ... North ... West ... 'LOOK AT THE MIRROR' and keep walking to west ... Now it would be wise to SAVE your GAME ... 'TALK TO MAN' and 'SHOW TICKET TO MAN'. Probably you don't have the original game (it's worth of buying) and so you don't have the guide book, but I have listed the pass numbers:

Page	Number
3	00741
5	55811
6	30004
9	18608
10	25695
11	32841
12	00993
15	09170
18	49114
19	33794

(A hint! You can make the game much more exciting by trying to guess the pass number !)

Enter the correct pass number and 'GIVE MONEY TO MAN' ... The actual "show" is absolutely boring. Take a coffee break or something ... After show walk to east until there comes a girl out of the door. Walk to her and 'LOOK AT GIRL'. 'TALK TO HER' ... 'GIVE LAND TO HER'. Then leave the screen ... East ... South ... South ... West (upper) ... There's a way leading to north. Take that way ... Enter the office ... 'TALK TO MAN' and 'ASK ABOUT DIVORCE' ... Walk to the couch and 'SIT'. 'TALK ABOUT DIVORCE', 'STAND UP' and leave the room ... Leave the office ... South ... Now take the upper eastern way ... East ... Enter the building ... 'TALK TO MEN' at the left table (You can say whatever you feel like saying). Walk to the table at the centre of the screen and 'SIT'. Enjoy the show (read all jokes!) ... 'STAND UP' and leave the club ... West ... South ... North ... Enter the office ... 'ASK ABOUT THE DEED' from the man. After he has given it to you leave the office ... South ... Lower eastern ... Enter the casino ... North ... West ... West ... 'KNOCK THE DOOR' and 'DANCE' ... Leave the screen (to east) ... East ... South ... South ... West (upper) ... North ... Enter ... 'GIVE MONEY TO MAN' and Leave the office ... Now walk back to the casino. You should already know the way ... Enter the casino ... North ... West ... West ... 'OPEN THE DOOR' ... 'TAKE SUIT' and leave this place (to east) ... East ... East ... South ... South ... To the beach (south) ... 'USE TOWEL' and 'STAND UP' right away when you have 777 points ... Again back to the lawyers office ... 'ASK ABOUT THE PAPERS'. Leave the office when you have the papers ... 'LOOK AT THE PAPERS' ... South ... Then the lower path to west ... Now you should see a big whale. Enter it ... 'USE THE KEYCARD' to the door at the western wall ... You should see lotsof lockers. SAVE your GAME! 'TURN THE KEYCARD'. There's your locker number (69) plus some names of Nontoonyt businesses. This is another time when you need your guide book (Do you have it?). I have listed the correct numbers below. Keep in mind the names of the businesses (also the order) and

try to 'FIND LOCKER 69'. Follow the hints. When you've found the locker, 'OPEN LOCKER' and type in the correspondence number of the businesses mentioned on the card (remember the correct order).

If you opened the locker successfully, 'LOOK IN THE LOCKER', 'TAKE SWEATS' and 'CLOSE THE LOCKER'. Walk in from the right door ... 'USE' the equipments until you have done 10 exercises per each equipment. Now you should have 1169 points ?! Leave the screen ... Walk into your locker, 'OPEN LOCKER' once more and 'WEAR TOWEL'. 'CLOSE THE LOCKER' and walk in from the left door ... 'TURN ON THE SHOWER', 'USE SOAP' and 'TURN OFF THE SHOWER'. Leave the room ... Walk back into your locker and 'OPEN LOCKER'. 'DRY YOURSELF', 'USE DEODORANT', 'TAKE SUIT' and 'CLOSE THE LOCKER'. Leave the locker room (east) ... 'USE THE KEYCARD' to the northern door ... A monster ? No, actually it's a girl ! 'LOOK AT THE GIRL', 'HELP BAMBI WITH THE VIDEO' and Leave the Fat City (south) ... East ... East (upper) ... Enter the cave (west) ... 'TAKE ORCHIDS' but be careful, you may faaaaaal ! Leave the cave (west) ... 'MAKE LEI'. South ... East (lower) ... Enter the casino ... North ... East ... East ... 'SIT' and 'LOOK AT THE GIRL'. 'GIVE DECREE TO PATTI', 'GIVE LEI TO PATTI' and 'MAKE LOVE WITH PATTI'. 'STAND UP' and leave this room (south) ... West ... South ... South ... West (upper) ... East (upper) ... East ... Enter the club ... 'TAKE WINE BOTTLE' and leave the club ... Walk back to casino ... Enter the casino ... East ... 'PUSH THE BUTTON' ... 'PICK FLOOR 9' ... 'POUR OUT THE WINE' and now just follow what's happening for a while The situation has changed. Now you steer Patti and your job is to find Larry again ... 'TAKE WINE BOTTLE'. Wait a minute until the man comes to you and sits. Then 'LOOK AT MAN' and 'TALK TO HIM'. You have no further business with him so 'LEAVE', 'STAND UP' and leave this place (east) ... East ... East ... SAVE your GAME now ... Pass the rock and walk into bamboo forest ... There will be lotsof bamboo and you will have to follow the instructions very carefully. Don't lose time ! ... North - N - E - E - N (Yes, there's way to north!) - W - N - E - N - N - N - W (Now it's time to 'DRINK THE WATER') - W - S - W - W - N - N - W - N (Goal!) ... 'DRINK WATER'. Be careful ! To north ... Walk towards the rock at the edge of the canyon, 'TAKE OFF PANTYHOSE' and 'FASTEN PANTYHOSE TO ROCK' ... Wham! You're on the cliff (I bet that wouldn't work on real life?!) ... 'TAKE OFF BRA', 'PUT NUTS INTO BRA' and 'SWING BRA'

Walk to north ... Now it's time to SAVE your GAME. There will be an arcade-action game ! And extremely difficult one (I think). It's wise to save your game many times during the arcade game. You can also bypass the arcade-action but then you'll lose 150 points. Try it ! ...

'PULL LOG' and 'MOUNT LOG' ... Steer with the cursor keys (to right and left). And save often !

At the cage with Larry 'USE THE MARKER' ... Walk to north (Studio C) ... East ... Fly towards the button and 'TURN OFF THE MACHINE'. That's it ! All you have to do is walk to east and watch !
